Until Now

This is how you see your surroundings today when performing tasks like job preparation, weld inspection, or grinding.

New

The **vegaview^{2.5}** opens up a whole new visual experience to you in light state. The much brighter view of your working environment increases both safety and efficiency in the workplace.

Thanks to optrel's latest optic technology, you can enjoy a detailed and true-colour view of the welding process at shade levels 8-12.
